

# CUTHBERT LAB

NAVIGATING TOWARD HEALTH AND WELLNESS

Christie Rogers is an experienced health program lead and research manager with the Faculty of Nursing and Department of Oncology, Cumming School of Medicine at the University of Calgary. Christie leads multiple cancer research initiatives within both faculties. Prior to her current role, she was the Program Lead for the Oncology Research Office at the Tom Baker Cancer Centre in Calgary.

Christie has a strong project and program management background and extensive research facilitation experience guiding research projects from conception to closing. As program manager, Christie oversees all operational aspects of the lab. She has a keen interest in knowledge translation and enjoys collaborating with a wide variety of multidisciplinary team members.
